Disposable Telemetry Pouches

White Cotton Pouch

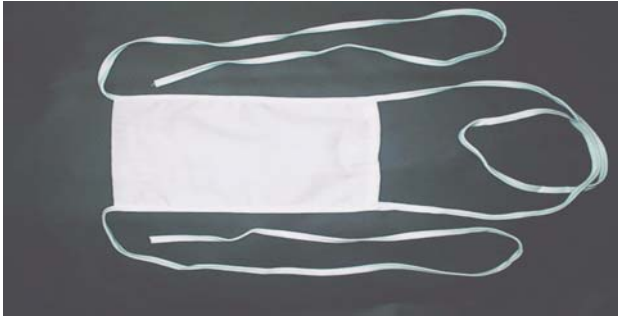

Made of comfortable white cotton, this pouch has been designed to provide comfort to the patient without irritation

Because of a snap closure this apron cannot come unfastened causing damage to the instrument
The product comes with or without tie strings

Item # TPA-100 has tie strings

Item # TPA-105 has no tie strings

Item # TPA-PC has tie strings but is also individually wrapped

Blue Nylon Pouch

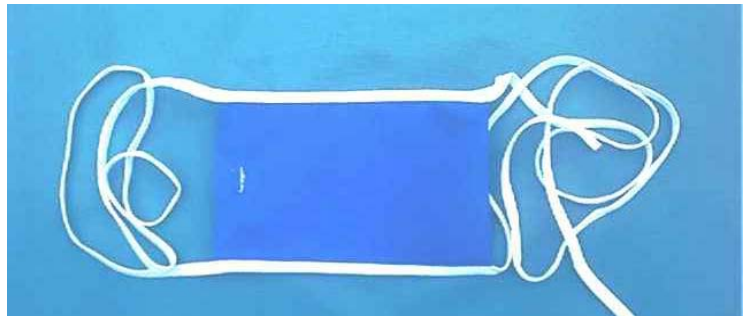

This pouch is made of lightweight blue nylon

This pouch has been designed to be water repellent

Unlike the usual two piece style, this apron cannot come unfastened causing damage to the instrument
The snap closure keeps the instrument securely inside the pouch

Item # TP4100 has tie strings

Item # TP4105 has no tie strings

Blue Paper Pouch

This simple pouch is made of lightweight non-woven material

This lightweight, breathable fabric is less expensive yet still strong, soft & water repellent

It has a new wider, more comfortable neck band while keeping its convenient

A snap closure holds instruments securely inside the pouch

The top slit allows for easy insertion

Item # TP4005, 100/case
